# Welcome

from all of us at Rotary School

Welcome to Rotary, we are proud of our school.

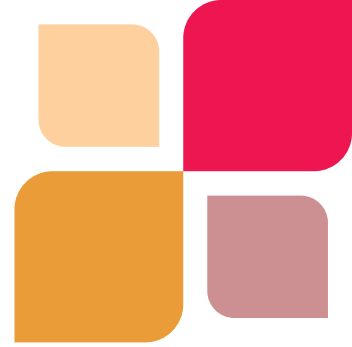

This prospectus will provide you with all the important information. Our aim is to give your child the best possible start to life in school and to see them progress to be happy, independent and responsible people.

We hope that the information contained within this brochure will be useful to you as it will explain the main things you need to know about the school and how we always have the best interest of the children firmly in our minds.

At Rotary Public School, we have high expectations of children and all the adults within the school's community. We expect everyone to treat people with care and respect, safeguarding their feelings and understanding that we are all different.

To ensure the best outcomes for the children of Rotary Primary, we need to build good partnerships between school, children and home. We value the contribution made by parents and carers towards your child's education and will be available to discuss any concerns you may have.

# Aims and Values

The staff and governors of Rotary Public School will;

- Help pupils develop a love of learning.
- Provide a broad, balanced, personalised yet creative curriculum.
- Have the highest standards in academic, physical and social behaviours.
- Provide and maintain a secure, happy caring environment.
- Help pupils value the diversity of the world today.
- Children are aware of and respect **core British values**.
- Encourages children to make healthy lifestyle choices.
- To work in partnership with parents/carers and the wider community.
- Allows children to have a voice and make a difference.

# Curriculum

Education in the early years is vitally important for the children to acquire basic skills. It is important that foundations are laid on which future learning can take place. If children are well motivated, enthusiastic, interested and happy then they learn more effectively. We aim to develop these skills in a creative, imaginative and original way.

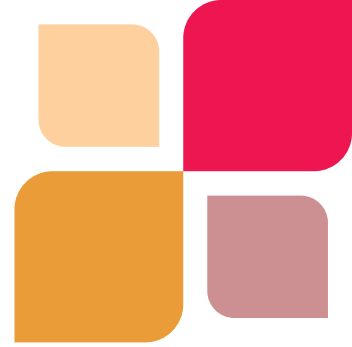

The children need to learn in an atmosphere where they are not afraid to make mistakes and this in turn becomes an important part of the learning process. Each child will be encouraged to reach their highest potential and motivated to want to continue learning.

In reception the children follow the foundation stage curriculum.

In key stage one and two the National Curriculum is followed.

**Hindi | English | Mathematics | Science  
Geography | History | Physical Education  
Art | Computing | Music | Drawing  
Moral Education | GK | EVS**

# Admissions

Starting school is a very important time for young children and we aim to make it a happy and exciting event. You will receive notice in plenty of time if a place becomes available for your child to start school.

At Rotary School we welcome children into school from the beginning of the school year in which they have their fifth birthday until the end of the school year in which they become fifth years old. This is the time at which they transfer to high school.

Before your child starts in reception you will be invited to make informal visits to school. This will enable your child to meet the other children in their class along with their class teacher, teaching assistant, Head teacher and other members or staff.

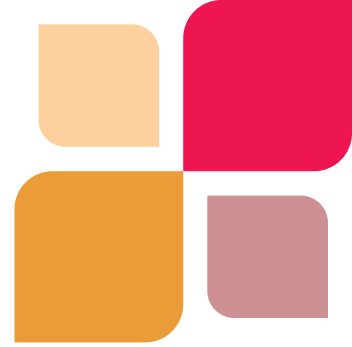

# Visiting

Parents who are thinking of applying for a place of Rotary School are warmly invited to visit us and look around any time.

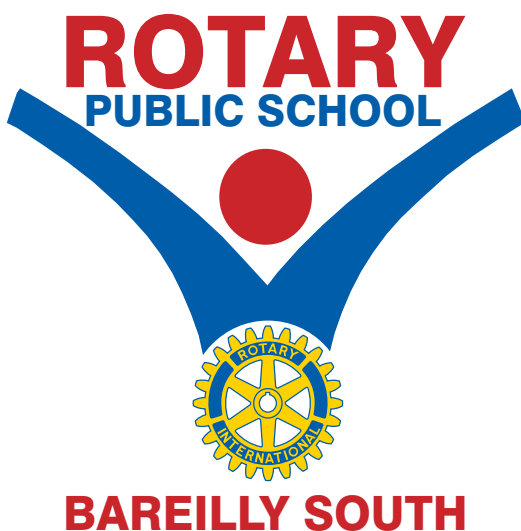

# Online Education

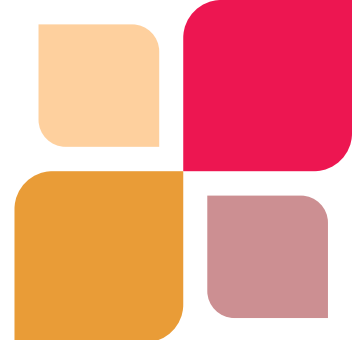

With an option to study from smart books and traditional books, RPS School makes learning a fun affair. The curriculum is covered with interactive activities such as group quizzes on alternate days to boost the collaborative capabilities of our students.

RPS School ensures your child is taught only by the best minds. Besides, with regular attendance and activity reports, and monthly PTM meetings, you will always be in control of your child's progress.

# Rotary Sports Academy

The students who want to make their career in sports Rotary public school offers a competitive sports program through Rotary sports Academy. The academy offers a rigorous and competitive sports program with the best infrastructure and facilities in the following sports. Experienced and talented coaches are there to nurture the young talent as Sports Star. Student has to opt any one sport out of the following for the specialized training. The focus of Rotary Sports Academy is to discover and nurture talent to achieve recognition.
